Stella Delivery Protocol

Here are few things to keep in mind prior to your order arrival to ensure the smoothest experience possible:

- 1) Be available by phone, the one you provided*, within your 30-minute window. It's very important to receive the call from the Uber driver as soon as he/she rings.

Please note: We will send you an SMS before sending out the order, to confirm you are on standby. Orders will be held until confirmation is received!

- 2) Meet the Uber driver on street level and self-collect your package from the vehicle.

- 3) Enjoy! ❤️

***The phone number provided must be number of the person receiving the order ON SITE!**
We are not responsible for unsuccessful deliveries in this regard.
